

Asansol Engineering College Organizes Anti-Ragging Sensitization Programme

Asansol Engineering College organized an **“Anti-Ragging Sensitization Programme”** in collaboration with the **NGO, Society Against Violation in Education (SAVE)** on 15.09.2016 (Thursday). The main resolution of the campaign was to make the students aware of the evils and adverse effects of ragging in colleges. The members of the NGO also gave information on the present cases of ragging throughout the nation. The volunteers of SAVE spread the message of non-violence in education and motivated the youth to abstain from indulging in the ruthless act of ragging.

On this occasion, friendly competitions like Debate, Extempore & Role Play was organized where large number of students willingly participated and gave their opinions regarding this menace in the society. Several students volunteered their names to Society Against Violation in Education (SAVE).
